

# Abdelrahman Attallah

## Frontend Developer

### About Me

I specialize in building responsive, user-centric web applications with a strong foundation in React.js, Next.js, and modern UI frameworks like Tailwind CSS. My focus is on creating intuitive and visually engaging interfaces that elevate user experience. I'm seeking a full-time opportunity as a frontend developer, where I can apply my skills and contribute to dynamic, impactful projects.

### Education

#### Bachelor of Computer Science( Information Technology department)

Mansoura University,2025

### Projects

#### Amazon Clone Website

Aug, 2024

A fully functional e-commerce platform built with React and Next.js. Features include a shopping cart, Stripe integration for secure payments, and NextAuth for user authentication and order history management. [Live Demo](#)

#### Blog Platform

Mar, 2024

A full-stack blog application with a complete CRUD system and admin dashboard for content management. Built with React, Next.js, MongoDB, and NextAuth for secure authentication. [Live Demo](#)

#### Social Media App

Oct, 2024

A social platform built with React and Next.js, offering user authentication, post creation, comments, and infinite scrolling for high performance. Features a dark mode for an enhanced user experience. [Live Demo](#)
